Annual Congress

Preliminary Programme

24-25 November 2017
Aula Magna
Louvain-la-Neuve

www.ENT-congress.be

President: Philippe Eloy

Invitation

Dear friends and colleagues,

It is an honor to invite you to the Annual Congress 2017 of the Royal Belgian Society for Ear, Nose, Throat, Head and Neck Surgery, which will take place on the 24th and the 25th November at the Aula Magna in Louvain-la-Neuve.

Louvain-la-Neuve is a planned city in the municipality of Ottignies - Louvain-la-Neuve, situated 30 km southeast of Brussels. It is easily to reach by car. Moreover, a train extension has been built from the nearby station of Ottignies, which allows passengers to travel to or from Brussels in less than one hour.

This whole new city was built in 1971 to house the Francophone faculties of the Catholic University of Leuven. As a result of the linguistic quarrels that took place in the mid-sixties, the Catholic University was split into the Dutch language Katholieke Universiteit Leuven, which remained in Leuven and the Université Catholique de Louvain. Today the city houses as much as 11 faculties and no less than 20.000 students.

This city is an example of the "automobile under" type of New Pedestrianism. To a great extent, Louvain-la-Neuve still lives following the rhythms of the university. It is a very vibrant city. It has cinemas, shops, restaurants, cafés, swimming pool, area for sports, museums (the famous one is the Hergé Museum) and of course several auditorium and rooms for courses, meetings, concerts

Louvain-la-Neuve is also known for the Louvain-la-Neuve Science Park, a large area created to develop cooperation between industry and the Université Catholique de Louvain.

Last but not least, on the fourth week of October, there is the "24 heures vélo" (24-hour bike ride), the largest student party in Belgium.

The annual congress of our society will be organized in the Aula Magna, a very large and convivial area and ideal to welcome such a scientific event. This 2 days meeting will give you the opportunity to meet well-known Belgian speakers as well as foreign speakers, all experts in their fields.

The congress will offer sessions dedicated to ENT education, skull base surgery, the empty nose syndrome, the management of parotid tumors, laryngeal paresis after thyroidectomy, chronic rhinosinusitis, sialendoscopy, endoscopy of the middle ear and a pediatric session. There will be a session on controversies in otology where a PowerVote system will be used to stimulate the debates.

The sessions on 'ethics and economy' and 'sleep-disorder breathing' have been granted accreditation points in ethic and economy.

The programme covers an extensive list of topics and will give everybody the change to get information on various actual tricky themes in otorhinolaryngology.

I look forward to welcome you in Louvain-la-Neuve and do hope to see you numerous.

Warmest regards.

Philippe Eloy

President of the Royal Belgian society for ENT, Head and Neck Surgery

Steering Committee

Bernard Ars
Bernard Bertrand, *editor in chief*
Raymond Boniver, *responsible of the website orl-nko.be*
Frank Declau
Philippe Eloy, *president*
Mark Jorissen, *editor in chief*
Rudi Kuhweide, *treasurer*
Nele Lemkens
Patrick Levie
Thibert Robillard, *former president*
Philippe Rombaux
Thomas Somers
Paul Van de Heyning
Sébastien Van der Vorst
Jan Verfaillie
Stephan Vlaminck
Jean-Baptiste Watelet, *managing director*
Jan Wouters

B-Audio Steering Committee

Mark Laureyns
Rudi Kuhweide, *treasurer*
Nathalie Pisarski
Thibert Robillard
Astrid van Wieringen, *webmaster*
Patrick Verheyden
Jan Wouters, *president*

Programme outline

Friday November 24

	ROOM Foyer Royal	ROOM Lauzelle	ROOM Foyer du Lac
08h30	Report: ENT education revised	Skull base surgery	B-Audio: Session I
10h30	<i>Coffee break</i>		
11h00	Sialendoscopy	Turbinator vs turbicurator	B-Audio: Session II
12h52			
13h00	Lunch		
14h00			B-Audio: Poster session
14h30	Management of parotid tumors	Controversies in otology: Give your opinion with PowerVote	B-Audio: Session III
15h53			
16h00	<i>Coffee break</i>		
16h30	Pediatric ENT: Where are we today?	Phoniatory: Laryngeal paresis post thyroidectomy	B-Audio: Session IV
17h42			
18h00			
19h30	<i>Congress dinner</i>		

Saturday November 25

	ROOM Foyer Royal	ROOM Foyer du Lac
08h30	Chronic rhinosinusits Part 1	Ethics and economy
10h30	<i>Coffee break</i>	
11h00	Chronic rhinosinusits Part 2	Functional otology
13h00	Lunch	
14h00	Sleep-disorder breathing: multidisciplinary approach, decision making and innovation	Endoscopic ear surgery
16h00	<i>Farewell drink</i>	

Preliminary programme

Friday 24 November 2017

ROOM: Foyer Royal

08h30-10h30 Report: ENT education revised

Chairs: Paul Van de Heyning and Philippe Rombaux

- 08h30 Introducing novelties in the resident training program
Paul Van de Heyning, Philippe Rombaux
- 08h50 Workload of residents
Philippe Rombaux
- 09h00 Resident training; Belgian training vs European countries
Philippe Lefebvre
- 09h15 Skills laboratories: virtual and wet temporal bone lab
Philippe Lefebvre, Vincent Van Rompaey
- 09h30 European board exam for ORL (EBE-ORL)
Ulrik Pedersen
- 09h50 Methodology of the EBE-ORL
Marcus Neudert
- 10h10 Question and answers with panelist and audience
Moderator: *Vedat Topsakal*
Members: *Philippe Rombaux, Philippe Lefebvre, Vincent Van Rompaey, Paul Van de Heyning, Ulrik Pedersen, Marcus Neudert, Wouter Baetens*

10h30-11h00 *Coffee break*

11h00-13h00 Sialendoscopy

Chair: Vincent Bachy

- 11h00 Sialendoscopy: When to consider? How to start with this technique?
Vincent Bachy
- 11h20 Reflections after 20 years of sialendoscopy
Francis Marchal
- 11h55 Combined approach in sialolithiasis
Iordanis Konstantinidis
- 12h30 Center for salivary gland endoscopy: requirements, indications and outcome
Johannes Zenk

13h00-14h00 *Lunch*

14h00-16h00 Management of parotid tumors

Chairs: Vincent Vander Poorten and Sébastien Van der Vorst

14h00	Clinical and radiological assessment of salivary neoplasm	Vincent Vander Poorten
14h15	Some comments on the new WHO 2017 classification of salivary glands tumors	Esther Hauben
14h35	Comprehensive algorithm for surgical treatment	Guisepe Spriano
15h05	Radiotherapy for benign (recurrent) and malign tumors	Jean François Daisne
15h25	Chemotherapy and molecular biological agents	Jan Vermorken
15h45	Case discussion	Sébastien Van der Vorst
16h00-16h30	<i>Coffee break</i>	

16h30-18h00 Pediatric ENT: Where are we today?

Chair: Anne-Laure Mansbach

16h30	Testing of vestibular function in children: why and how?	Sylvette Wiener-Vacher
17h00	Surgical treatment of cholesteatoma in children: results of the bony obliteration tympanoplasty	Thomas Somers
17h20	Cochlear implantation in children in 2017	Paul Van de Heyning
17h40	Surgical and non-surgical treatment of pediatric rhinosinusitis in cystic fibrosis, PCD and immunodeficiency	Pierre Brihaye

19h30-23h00 *Congress dinner*

ROOM: Lauzelle

08h30-10h30 Skull base surgery

Chairs: Sergio Hassid and Jos Claes

08h30	How to create a team with our neurosurgeon?	Sandrine Machiels
08h50	How to start with pituitary surgery as an ENT doctor?	Thibaut Van Zele
09h10	Skull base closure with TachoSil following endonasal endoscopic pituitary surgery	Sergio Hassid, Nathalie Zaidman, Olivier De Witte
09h30	Endoscopic surgery of the anterior skull base - the tailored approach concept	Hans Rudolf Briner
09h55	Craniopharyngioma and fistulation	Anshul Sama
10h20	Discussion	

10h30-11h00 *Coffee break*

11h00-12h30 Turbinator vs turbicurator

Chairs: Stephan Vlamincx, Stijn Halewyck and Philippe Eloy

11h00	Introduction: Young B-Rhino: Who are we? What are we going to do?	Clotilde de Dorlodot
11h15	Physiology of nasal breathing	Kato Speleman
11h30	Pathophysiology of nasal obstruction	Laura Van Gerven
11h45	Treatment of nasal obstruction (focus on surgery)	Anne-Lise Poirrier
12h00	Iatrogenic problems after nasal surgery - empty nose syndrome	Mihaela Horoi
12h15	Diagnostic and assessment of empty nose syndrome patients	Caroline Huart
12h30	Management of empty nose syndrome	Valerie Hox
12h45	Conclusions and recommendations	Stephan Vlamincx

13h00-14h00 *Lunch*

14h00-16h00 Controversies in otology: Give your opinion with PowerVote

Chairs: Jean-Philippe Van Damme and Bob Lerut

14h00	Introduction	
14h10	Vestibular schwannoma	Thomas Somers and Jean François Daisne
14h30	Ménière's disease	Robby Vanspauwen and Naïma Deggouj
14h50	Retraction pocket	Bob Lerut and Sébastien Barriat
15h10	Otosclerosis	Nicolas Verhaert and Monique Decat
15h30	Cochlear Implant	Paul Govaerts and Philippe Lefebvre

16h00-16h30 *Coffee break*

16h30-18h00 Phoniatory: Laryngeal paresis post thyroidectomy

Chair: Camille Finck

16h30	Diagnosis and exploration of laryngeal paresis post thyroidectomy	Diane Van Rompaey
16h45	Voice after thyroidectomy: a prospective study on 250 patients	Lionel Lejeune
16h55	Laryngeal innervation	Camille Finck
17h05	Continuous nerve monitoring during thyroidectomy: paresis prevention and physiopathological insights	Kerstin Lorenz
17h30	Treatments of laryngeal paresis	Alejandra Rodriguez Ruis, Camille Finck
17h50	Questions and discussion	

19h30-23h00 *Congress dinner*

ROOM: Foyer du Lac

08h30-10h30 B-Audio: Session I

Chair: Thibert Robillard

- 08h30 Introduction: B-Audio today **Jan Wouters**
- 08h38 **Invited lecture:** Trainable hearing aids: clinician and client perspectives
Els Walravens, National Acoustics Laboratories, Sydney, Australia
- Oral contributions: Vestibular function and tinnitus**
- 09h18 Normative data for the DVA test Framiral in a population of healthy children aged from 5 to 18 years **Michel Debue**
- 09h30 Vestibular function and motor performance in infants with a congenital cytomegalovirus infection **Cleo Dhondt**
- 09h42 MRI and vestibular compensation: literature review and visual dependence project **Florent Jamme**
- 09h54 Can the tinnitus functional index be used to predict benefit of tinnitus retraining therapy? **Michael Boedts**
- 10h06 Effects of electrical stimulation in tinnitus patients: a comparison between t-DCS with two different electrode placements and HD t-DCS **Laure Jacquemin**
- 10h18 Reproducibility of the residual inhibition response **Ann Deklerck**
- 10h30-11h00 *Coffee break*

11h00-12h52 B-Audio: Session II

Chair: Naïma Deggouj

Audiology research in Belgium:

2 major FWO-TBM projects have been granted recently for research in audiology and vestibular function

- 11h00 The implementation and validation of a standard vestibular screening protocol in Flanders **Leen Maes, UGent**
- 11h20 LUISTER-LISTEN: Leuven interactive scheme for hearing training evaluation, and audiological rehabilitation
Astrid van Wieringen, KU Leuven

Oral contributions: Cochlear Implants

- 11h40 Linking natural auditory environment and language development in children with cochlear implant **Tobias Busch**
- 11h52 Evolution of the audio-visual integration after cochlear implantation **Emilie Nyssen**
- 12h04 Toddlers with single sided deafness and a cochlear implant **Anouk Sangen**
- 12h16 The cognitive functions of older cochlear implant recipients: A cross-sectional study using the Repeatable Battery for the Assessment of Neuropsychological Status for Hearing impaired individuals (RBANS-H) **Annes J. Claes**
- 12h28 Head shadow enhancement: sound source localization and speech intelligibility in simulated bimodal cochlear implant listeners **Benjamin Dieudonné**
- 12h40 Are the fitting parameters of a CI really modified by the audiologists over time? **Justine Wathour**
- 12h52 End of session
- 13h00-14h00 Lunch

13h30-14h30 B-Audio: Poster session

Posters of audiology bachelor and master theses in Belgium (max 3 per institute)

- P1 Een objectieve meting van gebalanceerde luidheid bij midden frequenties met auditory steady-state responses **Janne Vanderydt, KU Leuven**
- P2 Audiological aspects of tinnitus aurium provoked in an anechoic room **Lauren Blockmans, KU Leuven**
- P3 Foneemidentificatie bij personen met hoorapparaten **Ellen Andries, KU Leuven**
- P4 The clinical utility of narrow-band chirp auditory brainstem responses: inter-rater reliability and threshold estimation **Katrien Kestens, UGent**
- P5 Het effect van de ziekte van Parkinson op de perifere en centrale verwerking van geluidsintensiteit **Evelien De Groote, UGent**

- P6 Optimaliseren en valideren van een centraal auditieve testbatterij voor auditieve verwerkingsstoornissen bij normaalhorende kinderen
Maya Danneels, UGent
- P7 Screening van het evenwicht bij mensen met een verstandelijke beperking
Simon De Vriendt, Arteveldehogeschool Gent
- P8 Zaalakoestiek : de meerwaarde van de galmstraal. Een onderzoek naar de geschikte luisterpositie in functie van de spraakverstaanbaarheid
Gert-Jan Loobuyck, Arteveldehogeschool Gent
- P9 Het absoluut gehoor. Een verkennend onderzoek
Celien Byttebier, Arteveldehogeschool Gent
- P10 Diabetes & hearing Loss: Controlegroep en evaluatie van de digit triplet test, en impact van het type diabetes op gehoorverlies
Ellen Van Dael and Evi Horemans, Thomas More Antwerpen
- P11 Pilotstudie naar de haalbaarheid van binaurale demaskering in de klinische praktijk
Yana Verbiest and Heleen Henckaerts, Thomas More Antwerpen
- P12 The impact of the type of background noise on speech in noise testing
Charlotte Gielis, Thomas More Antwerpen

14h30-15h53 B-Audio: Session III

Chair: Paul Van de Heyning

Tutorial

- 14h30 Hygiene and infection control within the audiological practice
Melina Willems, Arteveldehogeschool Gent

Oral contributions: New developments in children audiology

- 15h05 The sound ear check: a hearing screening test based on sound perception in noise
Sam Denys
- 15h17 Clinical interest of cortical auditory evoked potentials in implanted children with auditory neuropathy spectrum disorder
Karianne De Vlieger
- 15h29 Listening effort through depth of processing
Benson Cheng-Lin Hsu
- 15h41 Development and validation of a binaural listening task
Sara Magits
- 15h53 End of session

16h00-16h30

Coffee break

Chair: Freya Swinnen

Oral contributions: New evolutions in audiology

- 16h30 Executive functions in deaf and hard of hearing bilingual children
Adeline Legoff
- 16h42 AVATAR: how real-life listening affects speech intelligibility and listening effort
Annelies Devesse
- 16h54 Envelope entrainment in aging, normal hearing and hearing impaired persons
Lien Decruy
- 17h06 Atypical neural processing of speech-related cues in adults with dyslexia
Tilde Van Hirtum
- 17h18 An introduction to intracochlear pressure measurements in human temporal bones
Charlotte Borgers
- 17h30 Cobalt-induced ototoxicity from metal-on-metal hip prostheses: preliminary results
Laura Leyssens
- 17h42 End of session

Saturday 25 November 2017

ROOM: Foyer Royal

08h30-10h30 Chronic rhinosinusitis - Part 1

Chairs: Philippe Eloy and Anshul Sama

08h30	Pathogenesis of CRS	Laura Van Gerven
08h55	Review of the medical treatment	Philippe Eloy
09h20	Patient selection for ESS	Anshul Sama
09h45	What to do when nothing works?	Valerie Hox
10h10	Discussion	

10h30-11h00 Coffee break

11h00-13h00 Chronic rhinosinusitis - Part 2

Chairs: Mark Jorissen and Stephan Vlaminck

11h00	Frontal sinus surgery: from DRAF I to III	Anshul Sama
11h25	Salvage surgery for sphenoid sinus	Thibaut Van Zele
11h45	Approaches and access to the maxillary sinus	Hans Rudolf Briner
12h10	Importance of a correct evaluation of pterygopalatine fossa and its neighbors for a good surgical planning	Mihaela Horoi
12h30	Silent sinus syndrome	Clothilde de Dorlodot
12h50	Discussion	

13h00-14h00 Lunch

14h00 -16h00 Sleep-disorder breathing: multidisciplinary approach, decision making and innovation

Chairs: Tom Vauterin and Philippe Rombaux

14h00	Non-CPAP treatment of OSA, an overview and reflection	Olivier Vanderveken
14h10	Treatment of OSA, the pneumologist perspective	Marie Bruyneel
14h30	How the ENT surgeon joins the crew: myths and realities in multidisciplinary team-working	Anne-Lise Poirrier and Robert Poirrier

14h50	Update on the European position paper on drug-induced sleep endoscopy 2017	Anneclaire Vroegop
15h10	Selective upper airway stimulation: patient selection, operative technique and clinical results	Clemens Heiser
15h40	Questions and answers Expert panel:	Tom Vauterin, Olivier Vanderveken, Philippe Rombaux, Anne-Lise Poirrier, Marie Bruyneel, Robert Poirrier, Anneclaire Vroegop, Clemens Heiser
16h00-16h30	<i>Farewell drink</i>	

ROOM: Foyer du Lac

08h30-10h30 Ethics and economy

Chairs: Thibert Robillard and Frans Indesteege

08h30	Forfaitisation des honoraires chirurgicaux; impact pour l'ORL	Philippe De Vos
09h15	Discussion	
09h30	Hervorming gezondheidszorg: problemen bij plannen?	Rob Van den Oever
10h15	Discussion	
10h30-11h00	<i>Coffee break</i>	

11h00-12h30 Functional otology

Chair: Naïma Deggouj

11h00	Genetic and advances in hearing physiology	Paul Avan
11h45	The auditory temporal coding	Frederico Lucchetti, Axelle Calcus, Paul Deltenre
12h05	Vestibular plasticity (fMRI)	Floris Wuyts
12h25	Cognition and vestibular disorders	Emilie Lacroix, Naïma Deggouj
12h45	Discussion	
13h00-14h00	<i>Lunch</i>	

14h00-16h00 Endoscopic ear surgery

Chairs: Anne Doyen and Sven Geukens

14h00	Introduction FEES: from where to where, here and there	<i>Anne Doyen</i>
14h15	Understanding endoscopic anatomy for better surgical results	<i>Daniele Marchioni</i>
14h50	Middle ear surgery: why and how to switch from microscope to endoscope?	<i>Jolien Euben</i>
15h05	Ear endoscopy and cholesteatoma. The evolution through 3 surgical approaches	<i>Stéphane Ayache</i>
15h30	Current indications for Eustachian tube surgery	<i>Sven Geukens</i>
15h45	Questions and answers	
16h00-16h30	<i>Farewell drink</i>	

General Information

Venue

The annual congress of the Royal Belgian Society for Ear, Nose, Throat and Head and Neck surgery will take place on 24 and 25 November 2017 at the *Aula Magna* in Louvain-la-Neuve.

Address: Place Raymond Lemaire 1, 1348 Louvain-le-Neuve

GPS location: Boulevard Andre OLEFFE

Itinerary

By car

- From Brussels take highway E411 (direction of Namur-Luxembourg). Exit n° 8a (Louvain-la-Neuve Centre). At the round about located on the road N4, follow the signs 'Aula Magna'.
- From Namur take highway E411. Exit 9 (Ottignies-Louvain-la-Neuve). Direction Nivelles N25. Exit Ottignies-Louvain-la-Neuve follow direction Centre and the signs 'Aula Magna'.

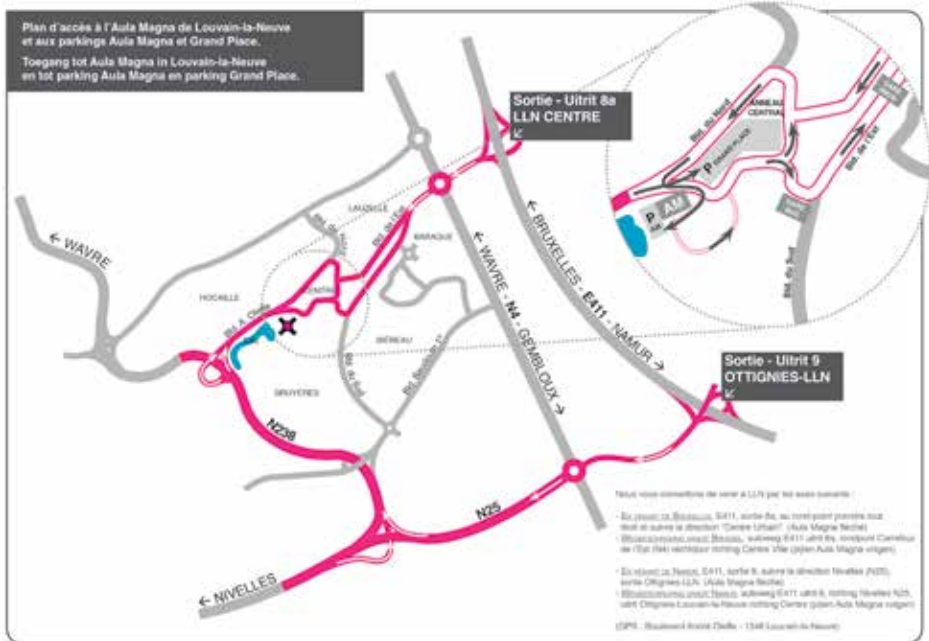

Where to park?

6.000 parking spots are available under the pedestrian center, but you will have to pay for them (approx. 15€/day).

Free parking is available at parking *Aula Magna* (120 places) and 24/7 in the periphery.

The nearest paying parking is *Parking Grand'Place* or *Parking Grand Rue*, which you can access from the underground ring.

Once on the *Grand'Place* (main square), face the clock tower and take the street on the left of the clock tower and continue on 200 meters till you arrive at the congress venue.

By train

Station is called 'Louvain-la-Neuve University' which is linked to Ottignies station. Ottignies station is located on the line Brussels-Namur (2 trains per hour). Louvain-La-Neuve is 30 min away from Brussels. You'll need to change train in Ottignies to take another train to 'Louvain-la-Neuve' (8 min). There are direct trains to Louvain-La-Neuve from Brussels, but these take more time.

All trains to Ottignies go through the stations Brussels North station (the best) and Brussels Midi station. Schedules are available at www.belgianrail.be.

Once at the "Louvain-la-Neuve University" train station:

Cross the *Place de l'Université* (main square) diagonally to the main street *Rue Charlemagne* on the right hand side of the square. Walk down the main street to the *Grand'Place*.

Cross the *Grand'Place* diagonally heading to the left and continue on 200 meters till you arrive at the congress venue.

By bus

From Brussels, there are special bus lines. Schedules are available on the **TEC website** (<https://www.infotec.be/Medeplacer/Rechercheditinéraire.aspx>).

- Starting from Metro station 'Roodebeek' passing via the Metro Station Crainhem/Kraainem. (Line is called Cbis or Conforto Bis).
- Starting from Etterbeek train station passing via Metro station Delta. (Line is called C or Conforto).

Social Programme

On Friday evening 24 November 2017, we like to welcome you for the congress dinner in the Loungeatude. The chef, Pascal Marcin, who was awarded the Delta d'Or 2016, is the very embodiment of the latest generation of new chefs who respect the bounty of the local land (the famous 'terroir' in French), the produce of which he crafts into pure, spontaneous gourmet wonders.

And where does the name 'Loungeatude' come from? If you look carefully, you will see the words 'lounge' and 'eat' – which are self-explanatory. Then the 'eatude' at the end is almost the French word 'étude', which reflects the study of the great food and conversation we want you to enjoy... It is entirely up to you!

Address: Scavée du Bléreau 2, 1348 Louvain-la-Neuve

Registration for the Annual Congress 2017

Registration fee* (Registration by the enclosed form or on-line at www.ENT-congress.be)

	Early bird fee payment by 14 November	Fee as of 14 November
Member M.D.		
24 November	€ 75,00	€ 105,00
25 November	€ 75,00	€ 105,00
24 & 25 November	€ 150,00	€ 180,00
Non-member M.D.		
24 November	€ 300,00	€ 330,00
25 November	€ 300,00	€ 330,00
24 & 25 November	€ 300,00	€ 330,00
Member M.D. in residence		
24 November	€ 60,00	€ 90,00
25 November	€ 60,00	€ 90,00
24 & 25 November	€ 90,00	€ 120,00
Non-member M.D. in residence		
24 November	€ 120,00	€ 150,00
25 November	€ 120,00	€ 150,00
24 & 25 November	€ 240,00	€ 270,00
Member B-audio		
24 November	€ 75,00	€ 105,00
25 November	€ 75,00	€ 105,00
24 & 25 November	€ 150,00	€ 180,00
Audiologist: Non-member		
24 November	€ 90,00	€ 120,00
25 November	€ 90,00	€ 120,00
24 & 25 November	€ 165,00	€ 195,00
Paramedical professional		
24 November	€ 105,00	€ 135,00
25 November	€ 105,00	€ 135,00
24 & 25 November	€ 145,00	€ 175,00
Medical student /Audiology student**		
24 November	€ 30,00	€ 60,00
25 November	€ 30,00	€ 60,00
24 & 25 November	€ 60,00	€ 90,00
Congress Dinner (24 November)	€ 80,00	€ 80,00

PLEASE NOTE: Payment of early bird fee has to be received by 14 November.

If not received by this date, the fee as of 14 November will be automatically implemented.

* The registration fee covers: admittance to the scientific sessions of the Royal Belgian Society ENS-HNS, final programme, access to the technical exhibition, lunches and refreshments during breaks.

** Proof of student status (copy of student card) must be sent to: ori@semico.be.

Cancellation of registration

Cancellations must be received in writing via e-mail to: orl@semico.be. For any refund after 4 November an administration cost of 25€ will be deducted. No refund is possible as of 18 November or if the participant fails to attend.

Liability

In the case of government intervention or regulation, military activity, strikes or any other circumstances that make it impossible or inadvisable for the congress to take place at the time and place provided, the participant shall waive any claim for damages or compensation and there shall be no future liability on the part of either party.

Insurance

Registration fees do not include insurance of any kind, nor force majeure or any other reason, nor medical expenses (including sickness and accident cover), nor loss or damage to personal property, nor additional expenses and repatriation should travel arrangements have to be altered.

Neither the RBS ENT HNS, nor the congress organizers can take any responsibility for any participant failing to arrange their own insurance.
