

B-ORL

ANNUAL CONGRESS

28 – 29 November 2025

Autoworld, Brussels
President : Patrick Levie

Dear colleagues,

It is with great pleasure that I present the programme for our upcoming B-ORL Annual Congress.

I wanted to include topics that are particularly close to my heart: we will explore a variety of passions, including our connection to the African continent, as well as water sports and motor sports.

On a professional level, we will cover topics spanning our entire field of specialty, with a special focus on otology and rhinoplasty. We will also discover future-oriented techniques that are essential to our practice, such as tuboplasty, otoendoscopy, exoscopy, powered rhinoplasty, cervical ultrasound, therapeutic endoscopy, connected applications in OSAS and ear implants.

In order to strengthen young colleagues' interest in our scientific society, we will welcome Dr Gregory House and his director, Dr Lisa Cuddy, who will lead interactive clinical cases. You can participate in these via a dedicated app, with various prizes to be won.

Other sessions will also offer competitions and awards to encourage everyone to participate and exchange ideas.

Friday will end with a guided tour of the Autoworld museum, organised in two languages, followed by a walking dinner at the top of the "Cinquantenaire Arcades", a special setting to promote intergenerational exchange. A surprise awaits you there... And you will be able to admire Brussels by night from the top of the arcades.

On Saturday, we will have the pleasure of welcoming two renowned speakers, invited by the Professional Union, who will share their vision of the future of our profession in Belgium.

Finally, the congress will end on a festive note, with an open bar and the awards ceremony to celebrate your commitment and participation. All this will be organised on the Febiac square in front of the rooms.

Thank you in advance for your presence and enthusiasm.
Registration opens on 30 October !

Let's make this a memorable and enriching congress together!

Dr. Patrick Levie
President B-ORL 2025

PROGRAMME AT A GLANCE

Friday 28 November 2025			
	Room 1	Room 2	Room 3
08:30	Tropical ENT Pathology	Congenital Hearing Loss : Audiological Assessment & Rehabilitation	
09:30		State-of-the-Art in Implantable Hearing Devices	
10:30	Coffee break

Cancellation of registration

Cancellations must be received in writing via e-mail to: orl@semico.be. For any refund after 13 November an administration cost of 25€ will be deducted. No refund is possible as of 24 November or if the participant fails to attend.

Liability

In the case of government intervention or regulation, military activity, strikes or any other circumstances that make it impossible or inadvisable for the congress to take place at the time and place provided, the participant shall waive any claim for damages or compensation and there shall be no future liability on the part of either party.

Insurance

Registration fees do not include insurance of any kind, nor force majeure or any other reason, nor medical expenses (including sickness and accident cover), nor loss or damage to personal property, nor additional expenses and repatriation should travel arrangements have to be altered.

Neither the RBS ENT HNS, nor the congress organizers can take any responsibility for any participant failing to arrange their own insurance.
